

# WELCOME TO CPA ONTARIO: MENTORSHIP PROGRAM

Greetings from the CPA Ontario Practical Experience Team! We are so excited that you have decided to volunteer your time to help shape and develop future CPAs through the CPA Mentorship Program.

You are joining over [10,000 of your peers](#) across Canada who support CPA students with invaluable guidance. Completing the mentorship program is a mandatory requirement during their practical experience term. Thanks to you, they are one step closer to reaching their goal.

This package will provide you with all the information you need to be the best mentor to your students.

## GETTING STARTED

### 1. Mentorship Introduction Video

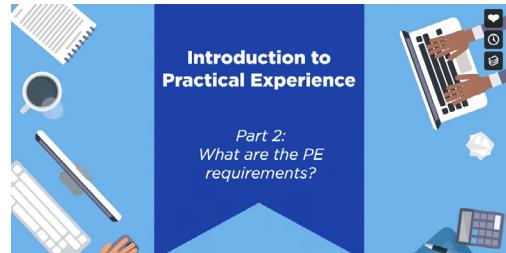

Before embarking on your journey as a mentor, watch the Mentorship Inspire Video to hear from your peers and get an overview on what the mentorship program is all about.

### 2. Practical Experience Introduction Video

As a mentor, you will be assisting your student through their practical experience journey, discussing their progression throughout the program and coaching them to develop the enabling competencies required to be a successful CPA.

This [video](#) will provide you with an overview of the practical experience requirements that all CPA students must meet.

### 3. Want to Get Started and Help a CPA Student?

As an approved mentor, you are invited to join the [Mentor Match Portal](#), which supports students in the Experience Verification Route who are struggling to find a mentor. To join the Mentor Match Portal, please ensure your [PERT Profile](#) has your **Mentee Preference** as “Any Suitable Match” and your bio is up to date. You will then be able to accept a mentor request from students who are likely to be a good match.
