Empower Your Workforce with Professional Development from the Trusted Authority

Empowering Organizations through Professional Development

CPA Ontario is committed to enhancing the skills and knowledge of Chartered Professional Accountants across Ontario. Our professional development programs are designed to meet the needs of organizations and their teams, ensuring they uphold the highest standards of credibility and expertise.

Equip your team with expert-led training that builds professional skills, promotes collaboration, and ensures compliance with regulatory mandates. By investing in your employees' development and offering flexibility in learning opportunities, you not only remain competitive in a dynamic economy but also attract and retain high-caliber CPA talent.

CPA Ontario, Your Partner in Professional Excellence

1. Expertise

- Equip employees with practical, expert-led training that builds skills and knowledge to stay ahead of industry trends.

2. Our Network

- Drive collaboration and innovation for your organization through team learning that fosters belonging and loyalty to your organization, while networking with our 100,000+ members.

3. Regulator Perspective

- Arm your team with the insights needed to stay compliant and thrive in a dynamic economy from the leading authority; ensuring CPAs complete the 20-hour annual CPD obligation.

4. CPA Investment

- Attract high-calibre candidates who seek organizations committed to professional development, while recognizing and retaining top talent with specialized skills.

Choose Your Team's Path to Learning

Seminars

Choose from over 500 live seminars to dive deep into specific topics with industry leaders. These interactive in-person and virtual sessions evolve throughout the year to cover essential topics such as tax updates, financial reporting, and risk management.

Certificate Programs

Propel your employee's knowledge and value within your organization with CPA Ontario's specialized certificate programs. Allow them to gain new skills and develop their career with our certificate programs. These programs allow them to expand their knowledge in Finance, AI, Tax, Leadership, and more. Delivered live in person, live virtually or on demand with a digital badge upon completion.

On-Demand Learning

Learn anytime, anywhere with over 400 on-demand. Enjoy the flexibility of self-paced learning with a wide range of topics such as accounting, tax, sustainability and strategy and governance.

Conferences

Send your team to our annual marquee conferences such as Ethics, Not-for-profit, Small Medium Practitioners and more. Our conferences bring together thought leaders and innovators with well known keynote speakers. Participate live in-person or virtually with your team and network with industry peers.

Proven Impact

Hear from organizations that have transformed their teams through CPA Ontario's professional development programs.

“The custom session for Income Tax: Update 2023 was great yesterday! Alex was a great instructor.... and he kept the entire audience engaged for the whole session – from co-ops all the way to partners! I received a lot of positive feedback from attendees, and I think it was a great way to kick off T1 season!”

- Wormald Masse Keen Lopinski LLP

“We used CPA Ontario to coordinate and provide training on Review Engagements: Application of the Standard(CSRE 2400) for our assurance group. It was great to be able to attend the sessions as a team, at our location, and also know that we were receiving good quality content. The instructors were able to tailor the content to our specific practice, further enhancing the experience.”

- Baker Tilly CK, LLP

Let's Discuss Your Needs
